

TOP 10

must try apps

FOR REAL ESTATE AGENTS ON THE

go...

Mortgage Calculator

By Left Coast R&D, Inc.

A reliable app that calculates a mortgage payment per month and provides a real time look at the current mortgage/refinance rates.

REALTOR.COM

By Move, Inc.

The most accurate way to check out homes for sale or rent. No other app can say 90% of the listings are refreshed every 15 minutes!

Cam Scanner

By IntSig Information CO., Ltd

Instead of rushing to the office to take care of paperwork, stay in the field and scan documents directly from your mobile device – and they will still look like real scans!

Zite

By Zite, Inc.

A brainiac app that gets to know your interests, searches millions of articles to match them, and provides you with customized news and data. A one stop shop to keep you up to date on all items real estate.

join.me

By LogMeIn, Inc

Join an online meeting no matter where you go! This app allows participants to chat in a meeting

all at once or individually, view someone's screen from your iPhone or iPad and even share files during your mobile meeting.

LogMeIn

By LogMeIn, Inc.

Get secure access to your computer from your iPad or iPhone anytime, anywhere. Control your computer as if it's right in front of you; access your files and make edits.

SIGN EASY

By Glykka LLC

The simplest and most convenient way to sign documents and fill out forms right from your iPad and iPhone, such as real estate contracts, rental lease agreements, sales orders, purchase contracts, financing agreements, loan documents, etc. Save time, money and eliminate the hassles of printing, scanning, faxing and shipping the signed paperwork.

Open House Manager

By Wander Bit LLC

Add tech savviness to your next open house by ditching the paper and pen sign-in sheet. Allow your open house guests to enter their information right into this application. Never misread an e-mail address from sloppy handwriting again!

Homesnap

By Sawbuck

Snap a photo of any home to access information such as home values, interior photos, beds, baths, taxes and more. Powered by MLS listings and perfect for when out showing properties to clients.

Hyperlapse

By Instagram, Inc.

Walk through your new listing while holding your phone and capture a time lapse tour of the home. This app will instantly stabilize and smooth out the bumps to produce a high quality video to post to your social media accounts. No tripod or extra video equipment necessary!

*We hope these apps
make your mobile
office more efficient.
Since technology will
never match the support
and expertise of
Assured Title Agency,
don't hesitate to contact us.*
